MOBILE FSO/RFE PLAN REVIEW APPLICATION AND GUIDELINES

Middletown City Health District
One Donham Plaza
Middletown, OH 45042
513-425-1818

LICENSING PROCESS FOR A MOBILE FSO/RFE

1. Prior to construction of a new mobile food operation, a detailed set of plans must be submitted to this office for review along with the Mobile FSO/RFE Plan Review Application.
2. The receipt date of a complete set of plans will be noted and the plans will be reviewed and the license holder will be notified of an approval or disapproval within 30 days. The plans are reviewed to ensure against problems with the pattern of food flow and to ensure compliance with all existing rules and regulations.
3. Upon the completion of the mobile food unit, contact the Middletown City Health Department for an inspection. The mobile unit must be completely set up and all equipment must be on and operational at the time of the inspection.
4. Submit a completed Application for a License to Conduct a Food Service/Retail Food Establishment and the appropriate fee amount to obtain your mobile license.

This information is intended to be a brief outline of some of the requirements needed for a mobile food service operation. It is in no way to be construed as being all the requirements needed to operate a mobile foodservice operation. The local health department, Chapter 3717 of the Ohio Revised Code, and Chapter 3717-1 of the Ohio Administrative Code should be consulted to assure that all applicable criteria have been addressed.

GUIDELINES FOR LICENSING A MOBILE FSO/RFE

1. Provide plans that are a minimum of 11 x 14 inches in size including the layout of the floor plan, accurately drawn to scale. This is to allow for ease in reading plans.
2. Include the proposed menu and projected meal volume for the food operation.
3. Each piece of equipment must be clearly labeled on the plan with its common name.
4. All equipment (i.e. coolers, freezers, grills, griddles, ranges, etc.) must be commercial grade **NSF** approved. Homestyle equipment is **not** permitted.
5. All interior surfaces must be smooth and easily cleanable.
6. A three (3) compartment sink to wash, rinse and sanitize all food contact equipment is needed. The basins of the sink must be large enough to accommodate the largest piece of equipment that must be washed, rinsed and sanitized.
7. A separate hand sink with hot and cold running water under pressure must be provided and stocked with soap and paper towels.
8. The mobile must be equipped with a fresh water holding tank or water under pressure by some means that supplies water to the three (3) compartment sink and hand sink. Note that if fresh water holding tank is not used, your mobile can only set up at events where there will be potable water hook-ups under pressure. A NSF -61 food grade hose will be required.
9. Fresh water tank inlet shall be $\frac{3}{4}$ inch in inner diameter or less. Water connections must be made to the unit and inside the unit with food grade hoses only (NSF 61). An A.S.S.E. No. 1024 or No. 1012 backflow protection device must be installed on the exterior unit on the water supply inlet. Waste water holding tank shall be sloped to a drain that is one inch in inner diameter or greater and equipped with a shut off valve. Waste water hoses must be clearly marked as such and can never be used to supply potable water to the unit.
10. The mobile must be equipped with a water heater or other water warming device that supplies hot water to the 3 compartment sink and the hand sink.
11. The mobile must be equipped with a waste water holding tank 15-20% larger than the fresh water holding tank. A portable waste water holding tank is not permitted due to lack of proper seal.
12. Water for the fresh water holding tank must come from a municipal source and all waste water must be disposed of in a public sewer not in a storm sewer or on the ground.
13. All foods to be held hot, must be held at 135 degrees Fahrenheit or higher and all foods to be held cold must be held at 41 degrees Fahrenheit or less.
14. All foods on display (e.g. condiments, single service portions, etc.) must be protected from contamination with lids and or screening, or by using single service packets.
15. All foods must come from approved sources. Foods must be purchased from a retail food store and prepared and stored in the mobile unit. **No food can be prepared in the home for sale on the mobile.** (No home canned products can be used).
16. Each operator of a mobile food service/mobile retail operation must conspicuously display the name of the operation, the **city of origin**, and the **area code** and **telephone number** on the exterior of the mobile. The name and city of origin of the food service operation shall be displayed with individual lettering measuring **at least three inches high and one inch wide.**

Contact the Middletown City Zoning Department at 425-7922 regarding approved Setup locations within the city of Middletown.

Mobile units may not remain at any one location for more than 40 consecutive days.

QUESTIONNAIRE

Please answer all questions completely.

1. Provide the size of the three compartment sink basins and drain boards or counter area near the sinks: length, width, and depth of sinks.

2. Provide the size of the largest piece of equipment; all equipment must be able to be immersed in the sinks of the three compartment sink.

3. List all equipment Make and Model Numbers of equipment.

4. Ensure proper light intensity is met on all surfaces; a minimum of 50 foot candles is required in areas of use of knives, slicers, grinders, or saws where safety is a factor.

5. Provide method of light shielding or shatter-resistant lighting.

6. Provide information of surface finishes/materials for the floors, walls, and ceilings.

7. Provide size of the fresh water tank. _____

8. Provide size of the fresh water inlet. _____

9. Provide size and type of sewage tank (wastewater tank).

10. Provide backflow prevention device and state location on mobile unit.

11. Provide approved water supply – list source. _____

12. Provide type and capacity of the water heater. The hot water temperature must reach a minimum of 100° F at handwashing sinks and minimum of 100° F at the wash compartment of the three compartment sink.

13. Provide procedure for grease removal and site of grease disposal.

14. Provide make and model number of the mobile unit; provide Ohio license number and VIN number.

15. Provide storage site of mobile – address.

16. Provide method of insect control (ex. size of window screen).

17. Provide list of food suppliers. All food must be from an approved source.

18. Provide method of cooking foods.

19. Provide method of holding of foods- must maintain 135° F or above.

20. Provide method of cold holding – mechanical refrigeration is required and must maintain 41° F or below at all times.

21. Provide sources of ice (if applicable).

22. Provide information on storage of foods – must be at least 6” off the floor and protected from contamination.

23. Provide type of serving utensils and storage.

24. Provide type of hair restraint. _____
