

Happy New Year -2017

Celebrating Restoration has opened the doors to our new community outreach center. We are excited how God is leading us into the new year as we anticipate a mighty move of His presence. Celebrating Restoration is a licensed 501c3 non profit organization that is operated by a board of directors! I am excited to announce that volunteers are stepping up to the plate. Celebrating Restoration has assisted hundreds of people who suffered from depression, suicide, and the disease of addiction onto the path of recovery.

As my heart has been overwhelmed with transporting, detoxing people naturally, event planning etc... and the loss of lives - the path has been challenging. However, I am grateful for the lives we have assisted thus far. Furthermore, I am grateful for my sobriety - although temptations may come my way - I am thankful to be sober... Yet, I have relinquished lots of responsibilities to preserve my recovery. I am no longer personally transporting, detoxing, etc... I am currently working on writing my book, documentary, flyers, updating webpage etc.... God did not intend for me to lose my self at the expense of trying to help others. I am cured of Hepatitis C and have been delivered from a 12 year struggle with insomnia. Today, I am taking care of me and my family! No, I am NOT quitting Celebrating Restoration.

We now have a team to assume more tasks to better provide services to our communities with out losing our selves. Celebrating Restoration can always use more people! Nicole Ward is the President and she can be reached at 513-464-4803. Personally, I never have nor ever will be about titles! Community outreach meetings are held every Thursday at 7pm at our Outreach Center: 3925 D Roosevelt Blvd. Middletown, Ohio 45044. Also, we have Heroin Anonymous meetings every Friday at 7pm - 8:30pm

COMING SOON: Groups for those living/struggling with chronic illnesses, Domestic Violence, Suicide, and Bullying....

Please be sure to check out our newly updated webpage along with our Education Center.
