(Only for customers not receiving reduced rates)

Name on account _____

Service Address _____

Date of Pool fill _____

Meter Reading before fill

Meter Reading after fill

I attest that I meet the criteria as stated in the water rules and regulations as listed below. If I have provided false information I understand my adjustment can be reversed.

4.4.14

Private swimming pools meeting the requirement of at least 24 inches deep, a surface area of at least 100 square feet, and a permanently equipped recirculating system shall be eligible for a manual sewer adjustment once per year.

You must also attach a copy of your approved electrical permit for the pool.

The billing office must be able to confirm information given based on daily readings received in office.
