Areas of Greatest Need:

Areas of Greatest Need: The City of Middletown's is utilizing the information provided by HUD that lists the percentages of high cost loans, vacant properties, and the predicted 18 month underlying foreclosure rate in the LMMI census tracts. We have added these 3 percentages for each census tract and sorted the information from highest percentage to the lowest. The City has also created a map showing the census tracts at < 80% of median income and < 120% of median income. We pulled a current list of foreclosed properties that were provided by Butler county and overlaid those properties onto the map. Distribution and Uses of Funds: We have separated the LMMI census tracts in the city and for each individual tract have added the percentages of: foreclosed/vacant properties, properties financed with Hi-cost financing, and the estimated foreclosure for the next 18 months. Much of our efforts will be focused in the areas with those higher total percentages. However, staff has determined that ALL areas of the City are facing high risk. Therefore, the City will administer all NSP programs on a city-wide basis. Although projects may be in several different census tracts, the vast majority of the work will be in areas with a foreclosure abandonment risk score of at least 9 or higher. Definitions and Descriptions: The definition of a blighted structure can fall under one or several categories that we utilize: 1.)The cost to rehab the property to bring it to code must exceed 60% of the tax assessed value. 2.)It is deemed unsafe for the area and has to come down due to public safety. 3.)The property has been vacant for more than 90 days and is dilapidated and neglected and the cost to bring the property to code could not be justified for the area. If the property falls under 1 or more of the above mentioned, then it fits our definition of a blighted structure. Affordable Rents: For the purposes of the NSP program, the City will utilize the definition of low-HOME rents from the HOME Investment Partnerships program. Continued Affordability: On all the properties that are acquired, rehabbed, and resold, the city will provide a repayable second mortgage on the property at 20% of its purchase price. The buyer would then only have to finance 80% of the purchase property through traditional means. The second mortgage with the city will be at a 10 year term with an interest rate ranging from 0 to 3% depending on the buyer's percentage of median income. Housing Rehab Standards: We will use the same standards utilized under the HOME program. All code and insipient code violations will be addressed and repaired. The City will adhere to the International Property Maintenance Code (IPMC) as well as local building codes and ordinances.

Distribution and and Uses of Funds:

Low Income Targeting: Amount of funds committing to less than 50% AMI=\$536,095. Although this number may be higher, we are only committing to utilize 25% of the NSP funds to purchase and redevelop abandoned or foreclosed upon homes for sale to households at or below 50% of area median income. Acquisition and Relocation: The City of Middletown does intend to demolish vacant low and moderate income dwelling units as well as rehabbing some of the properties. - We plan to target at least 50% of our efforts (demolition and rehab) in census tracts that are less than or equal to 80% of area median income. - We estimate 11 NSP affordable housing units to be made available to LMMI households. To reach this goal in our time frame, 1 to 2 properties will have to be completed every 2 months. - An additional estimated 9 units are expected to be made available for households whose income does not exceed 50% of area median income. - Although there is a slight possibility, we are not planning on new construction activity. We are only looking for projects involving acquisition-rehab. Public Comment: The City published a public notice announcing the availability of the NSP Substantial Amendment for review and comment in the Middletown Journal on 11/10/2008 as well as 11/13/2008 (see certification attached). In addition, on 11/7/2008 the City posted a copy of the amendment on its website at: <http://www.cityofmiddletown.org/nsps> as well as public postings being placed in the city's library, community center, and senior center. The city is allowing 15 days for citizen comments. The comment period will expire on 11/22/2008. All written comments received by the city will be considered before submitting the final amendment to HUD. All comments should be addressed to: City of Middletown Community Revitalization Division, 4th Floor Attn: Kyle Fuchs One Donham Plaza Middletown, OH 45042 *Overview of Comments: - A citizen sent an email response on 11/12/08 with positive remarks on the city's overall plan. He did inquire as to why there were going to be 34 more demolitions than acquisitions and rehab. - REPLY: Due to the time constraint put forth on this program (i.e. 18 months), it simply was not feasible to commit to more acquisition and rehab than the city could undertake in that time frame. It is inevitable that

the city will be able to undertake more demolition than acquisition and rehab simply due to the cost of each. The amount of funds (and time) it takes for an acquisition and rehab project is about 10 times more than it takes to demolish a blighted property. -The city sent a response to the citizen who made the comment explaining the above mentioned. - A fax was received by the city on 11/20/2008 from Legal Aid Society of Southwest Ohio, LLC. They commented that the city be open to rent to own programs for those households < 50% of median income due to the market making it more difficult for those households to get financed. They also commented that it may be a good idea to leave open the possibility of providing some rental housing under the program. - REPLY: First and foremost the City of Middletown wants to help as many families as possible become quality homeowners. With the way the city is incorporating the period of affordability by means of a low-interest loan second mortgage, it should help allow more people get approved for a first mortgage. However, if the city finds that loan qualifications do in fact become a problem, the city would be willing to look at other options which may include rent to own programs or forgivable seconds (this may or may not require an NSP amendment depending on the change). The City of Middletown has not decided to incorporate any further rental housing due to the large number of available rental units the city currently has outstanding. The cost to rent in Middletown is still low and rental vacancies are abundant.

Activity Description:

24 CFR 570.201(d) Clearance for blighted structures: "This program will focus on areas that have a foreclosure risk score of 9 or higher." All the properties demolished under this activity number were funded with program income resulting from the acquisition/rehab/resale of properties under this grant.

Location Description:

All properties demolished under this activity number are funded with NSP program income. The locations are all in NSP Census tracts with a foreclosure risk score of 9 or higher. All properties show significant blight and are vacant. Eliminating these properties from the current housing stock will help curb crime and vandalism and improve the overall values of the neighborhoods.

Activity Progress Narrative:

The expenditures were for a quit claim deed from a demolished property (1208 Calumet) and title searches.
